

I Construction Troubles

Anytime during your turn, after you destroyed a construction site next to an enemy piece, you may score this mission for 1 v.p.

The attempt was admirable, but ultimately pointless.

I Housebound

Anytime during your turn, if you have five units garrisoned, you may score this mission for 1 v.p.

It is the smart thing to stay inside and watch the insanity from a distance.

14

I Vista Point

Anytime during your turn, if you have a tower on the highest ground elevation of the explored map (no other ground elevation may be higher), you may score this mission for 1 v.p.

We've expected your arrival.

15

I Toll Enforcement

Anytime during your turn, if you have three pieces on bridges, you may score this mission for 1 v.p.

Trade, migration and obviously troops all have to pass over bridges. Thusly we need to seize control.
