  - King

Definitions

At start of game: After the starting area has been built and before the first team takes their first turn.

Starting area: The six tiles around your starting tile and the starting tile itself.

At start of game: When you build your first town-center, your "at start of game" bonuses trigger.

Starting area: All explored tiles under your towncenter and all explored tiles next to one of those tiles are your starting area.

Truce: Attacking or converting player pieces is not allowed until one of these requirements is met:

- **Ready**: All players have at least one towncenter.
- **Time Limit**: The third (land nomad) or the fifth (water nomad) turn has finished.
